

MORRILL HIT AGAIN

COMPLAINT COMES FROM A TOPEKA PROHIBITIONIST.

Frank Foster is removed from the Topeka Police Commission and his charges that he was bounced because he would not appoint a chief of police who was satisfactory to the prohibitionists—Man Who was Appointed to Succeed Him, However, is a Prohibitionist—Other Kansas News.

Topeka, Kan., March 28.—Frank H. Foster brands his removal from the head of the Metropolitan police board of Topeka as a bid by Governor Morrill for the support of the prohibition element of Shawnee county, and also as an effort to head off the boom of James A. Troutman for governor, which is scheduled to be launched here next week. Foster had no intimation of his removal until 11 o'clock last night, when he returned from a social gathering, and found this note from the governor awaiting him: "You are hereby removed as police commissioner for the city of Topeka." It was only by persistent telephoning that he learned that A. K. Rodgers had been appointed his successor.

Mr. Foster says that when a vacancy occurred at the head of the Topeka police force two weeks ago, he refused to consider the application of Frank E. Rogers, whom the prohibitionists were arguing for chief. A chief was appointed instead, who has not the slightest tolerance for prohibitionists. Foster was also a Troutman man. Rodgers was among those who urged E. Rogers for chief. Foster constructs his removal as a step toward a more lax enforcement of prohibition in Topeka.

The greatest argument against Foster's claim is the fact that Commissioner Rogers is a staunch prohibitionist and one of the most energetic Sunday school workers in the state.

IN A POOR HOUSE.

Atchison, Kan., March 28.—Mrs. Foster, the divorced wife of C. C. Foster, United States district judge for Kansas, died early this morning at the county poor house. She was divorced twenty-eight years ago. She was a widow with one child when married to Foster, who was then a very young man. When they were divorced Foster gave her half the property, and she disappeared from this city soon afterward, but returned ten years ago and was shortly afterwards sent to the poor farm.

WOULD LEAVE THIS STATE.

Topeka, Kan., March 28.—For the first time in history, so far as known, Mrs. Mary E. Lease refused to sign any unkind thing about her enemies. What she says about the seizure of her baggage for debt in Kansas City this week is time for one of her well known vitriolic temperaments. She calls it an outrage and lets it go at that.

"Wasn't an outrage," she said, "I told the constable that I would pay the bill immediately. You know they never catch me without a roll of bills in my pocket. I suppose, however, they had an idea they would inconvenience me all they could, and perhaps spoil my lecture by taking the manuscript. I didn't know they had taken the grip until afterward. I said if Mr. Bernheimer would send me a bill with a receipt I would pay it. I thought he would do that."

"Of course it all made a very good newspaper article, though it was very embarrassing. They told me that I had been in the catch, and that there was some face powder. I suppose I would not be much like other women if I did not have."

"I see the papers say also that I remarked, 'You can bluff me with this.' I said nothing of the kind. I never use such slang."

Mrs. Lease is extremely guarded in expressing herself on politics. She does not care to risk her reputation as a prophetess or hazard her box-office receipts. She confided to a woman friend in Topeka today, however, "I am afraid the Populists are going to win." Then she added, but not too seriously, "If they do I will move out of Kansas."

THREE NEW APPOINTMENTS.

Topeka, Kan., March 28.—Governor Morrill has appointed J. B. Vincent of Hutchinson to succeed J. W. Moore of Marion as a member of the state live stock sanitary commission.

As forecasted a few days ago, the governor has appointed Dr. Thomas Blakelee of Needles to succeed Captain J. D. Baker of Chicago as a member of the state board of charities.

E. B. Packer of Osage City was yesterday reappointed as his own successor on the state board of the state board of health to succeed Dr. Gifford of Lawrence.

The appointments were announced yesterday. Vincent, who was appointed as a member of the live stock sanitary commission, was an applicant for Mr. Baker's place on the state board of charities.

In connection with the Baker case the governor says he would have reappointed Mr. Baker had he signed his desire to retain the position which was formed by the executive that a successor would be named. However, Mr. Barker did not manifest any concern in the matter and the governor decided to reappoint Wilson county, selected Dr. Blakelee. This officer was Leonard's chief deputy during his term of office as internal revenue collector for Kansas. It has been charged that Leonard is responsible for Barker's being turned down, because he voted for Carpenter as assistant marshal in the Wichita convention. This Leonard denied, and says Dr. Blakelee supported Carpenter. The appointment is effective April 1.

The appointment of a successor to Mr. Moore has been anticipated for several days. It has been understood that Mr. Moore would receive a hearing upon the protests which had been made against his reappointment by the cattlemen. This hearing was not given him. The Santa Fe charged that Mr. Moore and Mr. Brown had demanded per diem transportation and expenses for their trip to Mexico to investigate the condition of the cattle in Chihuahua which were to be shipped into Kansas for the winter. Mr. Moore said in a letter to the governor that the statements made by the Santa Fe officials were wholly untrue. Mr. Moore insists that he and Mr. Brown were paid \$3 per day, and expenses, and received transportation for the trip from the Santa Fe in accordance with the terms of a proposition made by the officers of the company.

Mr. Moore requested the governor to give him a hearing in the presence of Mr. Titus and W. B. Jansen, the Santa Fe officials who had made the charges. This was agreed to by Messrs. Titus and Jansen, but they declined to participate in such a hearing unless the governor invited them to do so. With this information Mr. Moore called on the governor, who said that he did not see the necessity of a hearing, as he (the governor) accepted the statements of Mr. Moore as true. The Santa Fe letter the governor says, exerted no influence on his decision.

Take laxative Iroquois Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Beware Of Mercury!

Whenever a doctor is called upon to treat a blood disease, the result nine times out of ten is that the treatment is worse than the disease, and in a short while the patient finds his condition far worse than it was at first. The reason of this is that notwithstanding the great progress made in surgery, and in some branches of medicine, the doctors have failed absolutely to discover a cure for blood diseases. Whether in the form of pill, powder or liquid, their treatment is always the same—potash and mercury—which temporarily dries up the poison in the system and no sooner has it taken on the full effects of these powerful drugs, than that suppleness and elasticity of the joints give way to a stiffness, followed by the racking pains of rheumatism. Then follows loss of hair and finger nails, and even decay of the bones—a condition most horrible.

Mr. Henry Roth, of 1848 South Ninth street, St. Louis, Mo., was a victim of contagious blood poison—that worst form of blood disease, which has always baffled the doctors. He was treated by a physician, and in due time pro-

MR. HENRY ROTH.

nounced cured, but as usual, in such cases, the disease soon returned, even worse than before. He says: "I had severe pains in my feet and arms, and was covered with small red sores. Another doctor treated me for a long time and I was again pronounced well, but the disease came back on me again as before. I was in a horrible fix, and the more treatment I received, the worse I seemed to get. A New York specialist said he could cure me, but his treatment, which was quite expensive, did me no good whatever. Many patent medicines were resorted to, but they did not reach my trouble. I was stiff and full of pains, my left arm was useless, so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being benefited. I continued the medicine, and one dozen bottles cured me sound and well. My system was under the effects of mercury, and I would soon have been a complete wreck but for S. S. S."

S. S. S. is the only cure for real blood diseases. It is guaranteed purely vegetable and one thousand dollars reward is offered for proof that it contains a particle of mercury, potash, or any other product of the chemist's shop. The mercurial treatment of the doctors always does more harm than good. Beware of mercury!

Books on the disease and its treatment mailed free to any address by Swift Specific Co., Atlanta, Ga.

Female ailments in all forms, as leucorrhoea, Painful Periods, Suppression, etc., a special cure. The whole plan of treatment is explained in a book, which will be sent to you free of charge.
